OUTLINES.

At the instance of the E. H. Harriman, Stenographer Frank Hill was arrested in New York yesterday for stealing and selling to a newspaper the letter which caused the sensation involving President Roosevelt last Tuesday; Harriman yesterday begged the newspaper men hounding after him to help him get his controversy with the President hushed up.——The lunacy commission reported to Justice Fitzgerald in New York yesterday that in their opinion Harry Thaw is sane; District Attorney Jerome made a violent protest to the judge against confirming the report, demanding the minutes of the commission; the judge refused and Jerome threatened to appeal to a higher court and meanwhile to enjoin Justice Fitzgerald from proceeding with the trial; the court adjourned till Monday to hear argument for and against confirmation of the lunacy commission's report.——Through the efforts of Chairman Knapp, of the Interstate Commerce Commission at Chicago yesterday, the threatened strike on the Western railroads was averted by concessions made by the men and the railroad managers.——There is a general strike among the Norfolk longshoremen and there is a threatened tie-up of the steamers of three coastwise steamship companies.——Investigation into Harriman's methods of railroading, involving the consolidation of the Union Pacific and Southern Pacific Railroads, and the plan of recapitalizing the Chicago and Alton road, was begun before the Interstate Commerce Commission at Washington yesterday.——Bishop Fitzgerald, of the Northern M. E. Church, died yesterday in Hong Kong, China, where he was visiting the Methodist missions.——At Lorraine, O., yesterday, a striker was shot by a detective of the American Shipbuilding Company while the strikers where attacking a boat taking food supplies to strikebreakers.——The earthquake at Bitlis, Turkish Armenia, was the worst in forty years in the surrounding volcanic regions; 300 houses fell, eight people were killed and churches, mosques and government buildings were damaged by fourteen successive shocks.——President Roosevelt now says that the Hearst-Harriman-Rockefeller combination has $5,000,000 with which to capture the next Congress to defeat his policies.——New York markets: Money on call easy, 2 1-4 t 2 1-2 per cent.; ruling rate, 2 1-4; closing bid, 2 1-4; offered at 2 1-2; spot cotton, 5 points higher, closing quiet at 11 cetns; flour steady with a moderate inquiry; wheat easy, No. 2 red, 81 1-2 elevator; corn, steady, No. 2, 56 elevator; oats, steady, mixed, 46; turpentine, firm, 72 to 72 1-2; rosin, firm.

Every day is now Easter with the girl who has the hat.

At one time 500 woman suffragists, many of them very pretty, were confined in jail in London for cutting up around Parliament. They amused themselves by singing. This shows that jail birds do sing.

Sir William Ramsey, of London, will soon go to Asia Minor to look up the past of Abraham. Descendants of Abraham feel pretty safe that he kept his record straight, Ramsey or nor Ramsey.

Some of the newspaper pictures of Harriman give him the appearance of a man that may be guilty of it. Yet other pictures of him wouldn't lead you to suspect that he had just been invested with the Past Master's degree in Roosevelt's Ananias Club.

With all due respect to the distinguished office of President, E. H. Harriman, with allaginous and emollient declarations, leaves the world to infer that if there is a lie out between him and the White House we'll just have to search the White House.

President Roosevelt promised to meet the four big railroad presidents half-way, but as they are not used to walking, they decided that they'd give out before they got to the meeting place. Harriman might have known that he'd fall down trying to lead the strenuous life.

District Attorney Jerome declared his belief that Harry Thaw was insane during the court trial, and insisted on a lunacy commission to settle it. The commission yesterday reported a finding that Thaw is sane. This is nothing more nor less than a decision that Jerome is no alienist.

The Republican party has kept on till it has broken up those $1 Jefferson dinners. The increased cost of things to eat has brought the Jeffersonians to the point where they will have to squander their dollar for a sandwich and spend most of their eating time in recalling the simple life of the good old Jeffersonian days.

Congressman Rainey, of Illinois, has returned from Panama, and is shooting off his mouth about graft in the canal commissary, beef that has to be deordorized before diggers can perform the act of deglution, etc. We fear that it's all up with Rainey. He can blame himself if he is put on the string of liars right next to E. H. Harriman.

NAVAL STORES YEAR

Interesting Compilation of Figures By Col. John L. Cantwell, Statistician.

EXPORTS OF ALL ITEMS

Library of Congress

...arge as Pre... ...nsumption of Products is Quite Large. Prices Ruled High.

Col. Jno. L. Cantwell, statistician, has prepared a very elaborate statement of the exports, foreign and domestic, of naval stores from the port of Wilmington for the crop year ended on the first of the present month. The receipts during the past year were not quite so large as on the year before, on account of the rapid depletion of the forests by lumbermen and tie cutters, but the industry is still an important one for Wilmington and, therefore, the figures as prepared by Col. Cantwell and furnished the Star for publication are interesting.

The total exports of spirits turpentine were 18,767 casks; rosin, 113,884 barrels; tar, 303 barrels; crude turpentine, 28,577 barrels.

The domestic exports consisted of 18,317 casks of spirits; 68,870 barrels of rosin; 39,991 barrels of tar and 28,577 barrels of crude turpentine.

It would surprise many to know that the local consumption of naval stores, which is included in the domestic exports, is quite large, as follows: Spirits, 2,434 casks; rosin, 18,861 barrels; tar, 14,060 barrels; crude turpentine, 27,522 barrels.

The foreign exports outside of 450 casks of spirits turpentine to Glasgow and 300 barrels of tar to London, consisted largely of rosin, the foreign exports of this product being 45,014 barrels. This went to the several foreign ports as follows: London, 25,334 barrels; Glasgow, 9,000 barrels; Bowling, 6,620 barrels, and Bristol, 4,060 barrels.

In spite of the fact that receipts of naval stores have been off to some extent for the past year there never was a time when prices for all items of the market were higher, except possibly during the period and just after the Civil war. Spirits, rosin, tar and crude have commanded unheard of prices and the demand has at all times been good. The Herty system of turpentining has been introduced into this territory lately and next year may see an increase of the yield.

BILLS WERE NOT TRUE.

Primary Violations Before Grand Jury Were Dismissed.

Through an error in transcribing the returns of the grand jury in the Superior Court on the Clerk's docket with reference to the alleged primary irregularities day before yesterday an unfortunate mistake was made in entering the bills as true when they were "not true." The returns were against Messrs. C. T. Smaw, C. H. Keen and J. H. Hewlette and the error was not discovered on the clerk's record until each of these gentlemen was called into court and required to give $100 bond for his appearance at the July term. When the mistake was discovered they were sent for and released from their bonds with apologies for having inconvenienced them to the extent mentioned. The grand jury found nothing upon which to base a charge against the gentlemen named, and, of course, they are discharged. They took the joke on them in good humor and laughed the matter off with their friends at the expense of the clerk's office.

THE BEACH OPENING UP.

Half-Hour Car Schedule on Saturdays. Concerts and Dances.

Tomorrow the Consolidated Company will begin running half-hour schedule all the way to the Beach on Saturday afternoons. Tomorrow the schedule to the Beach will be every half hour from 1 to 6:30 P. M. There is a great deal of travel to the beach in the afternoons now, especially on Saturdays.

On Sunday there will be concert at Lumina from 4 to 5 P. M. These concerts will be continued every Sunday until the regular season opens. Mr. Kneissel will furnish the music for tomorrow. He will have charge of the Lumina Orchestra again this season. The week-end dances at Lumina will begin a week from tomorrow.

Steamer Axminster Gave Bond.

The British steamer Axminster, which was libelled Wednesday, by the tugs Blanche and Marion for a salvage claim of $40,000 for services rendered in pulling the vessel off Frying Pan last Sunday, yesterday gave bond in the amount named and will proceed today on her voyage to Manchester, via Norfolk, Va., for coal. The board of survey recently represented in an official report that she was perfectly seaworthy and able to proceed without repairs.

ROYAL VENETIAN BAND.

Seats for Premier Attraction Will Go on Sale Monday.

Seats for the concert to be given at the Academy next Wednesday night by Victor's Royal Venetian band, and which event will be the one concert event of the season, will go on sale Monday morning. The sale should be large, as upon the size of the audience depends whether or not the Academy will guarantee other musical attractions for dates in Wilmington.

Victor's band has just finished a tour of Pennsylvania, and the Record-Herald, of Hanover, says of a recent engagement there:

"A greater band than Rosati's was the verdict of several hundred patrons of the People's Entertainment Course who gathered at the Opera House last night to hear the Royal Venetian band, under the direction of Signor Calfatty Victor. This organization was the best which has been heard here for many years.

"The grand selection from 'Faust' and 'Carmen,' the overture from 'William Tel,' and the celebrated sextette from 'Lucia di Lammermoor,' sent a thrill through the audience, the ensemble being perfect in tone and harmony. The soloists are artists of great ability on their respective instruments.

"Conducor Signor Victor is most graceful as a leader, of gentlemanly bearing, and a musician of rare attainment. The twenty-four parts in the band he has wrought into a perfect whole, the genius of the director being stamped on each selection rendered."

THE FEDERAL POINT ROAD.

"Taxpayer" Argues Feasibility of Proposed Routes to the Sound.
(Communicated.)

"I am one, but I am one. I can't do everything, but I can do something. What I can do, I ought to do." And so as everybody seems interested in the new "Federal Point Road" in the interest of the county, city and various railroads, trolley lines and factories being constructed out Front street, would suggest that if you are going to build a road for the benefit of the farmers, fishers and pleasure driving population, you would let it enter the city by some other route than Front street, as it seems to me that you might avoid many damage suits and maybe avoid causing reckless destruction of life and property. The road out Front street is rather narrow, and the roads crossing each other as they do, and will, makes it a dangerous drive even now, and it will be more so later on when the trolley line is built.

A TAX-PAYER.

AFTER ADULTERATED FOODS.

Pure Food Laws Being Violated, But Dealers Glad to Comply.

The Raleigh News and Observer of yesterday says:

"Mr. W. M. Allen, chemist in charge of food adulteration, Department of Agriculture, has returned from a trip to Wilmington and other places, where he went in the interest of the Pure Food law. He found a good deal of adulteration and misbranding of foods. Many of the grocerymen are much interested in the subject, and desire to comply with the law. When a product is found to be adulterated both the dealer and the manufacturer are informed that the sale of such goods is in violation of the food law. Dealers usually agree to discontinue handling goods when informed that they are adulterated."

ANTI-SALOON CLUB

Temperance Organization Effected at Meeting Last Night, First Baptist Church

EDUCATIONAL MOVEMENT

Will Not Just Now Agitate For an Election on Prohibition—Officers Elected and Executive Committee Named—Meetings.

Responding to a call issued through the Sunday Schools of the Protestant churches of the city about a week ago, a goodly number of representatives of all these congregations in the city met last night in the First Baptist Church and organized what will be known as "The Anti-Saloon Club of Wilmington." The meeting was called to order by Mr. W. C. Peterson and Mr. H. G. Fennell was called to the chair with Mr. John T. Sholar temporary secretary. Mr. Geo. E. Leftwich explained the object of the meeting, which was stated to be rather an educational than a political movement; that there was no purpose at the present to bring about an agitation for an election on prohibition, but that effort would be to bring about an education of the people to the temperance sentiment.

A commitee on permanent organization was named as follows: Dr. A. M. Baldwin, Prof. Wingate Underhill and Mr. W. R. Taylor. They retired and reported the following nominations of officers who were unanimously elected, viz:

President—Henry G. Fennell.
Vice-President—Rev. C. E. Vale.
Secretary and Treasurer—John T. Sholar.

Executive Committee—H. G. Fennell, C. E. Vale, J. T. Sholar, H. E. Boney, John F. Garrell, Geo. E. Leftwich and R. H. Beery.

A committee on constitution and by-laws was appointed to report at a later meeting to be called by the Executive Committee. This committee on constitution and by-laws will secure a copy of these used cure a copy of those used by the State Anti-Saloon League and this will be adopted or changed to suit local conditions. Later it is expected to have State Lecturer R. L. Davis, of the State League, come to Wilmington and address the local club.

Meetings of the club are to be held with the various churches in the city from time to time, and it is proposed to make the movement as general as possible with all the churches, especially among the young people. Forty-three charter members were enrolled last night.

"THE MAN ON THE BOX."

Appearance of Max Figman at Academy Tomorrow Night.

Readers of current fiction who found much to delight them in Harold MacGrath's story, "The Man on the Box," will find equal pleasure in Grace Livingstone Furniss' dramatization of the book, which will be presented at the Academy tomorrow night, with Max Figman as the star, supported by a carefully selected company and mounted with special attention to every detail of furniture and scenery. "The Man on the Box," was the pronounced comedy success of the New York season last year, and ran for three hundred nights. It is a clean, wholesome comedy, full of spirited action, bright dialogue and interesting dramatic situations. The hero is a character admirably adapted to Max Figman's style and temperament and affords him the best opportunity of his career. Seats are now on sale.

FUNERAL OF MR. HAWKINS.

Impressive Services Yesterday from Residence in This City.

In the presence of a large number of friends including members of Cape Fear Lodge No. 2, I. O. O. F., of which the deceased was a valuable member, impressive funeral services were conducted at 4 o'clock yesterday afternoon from the residence of Mr. T. L. Skipper, on Eighth street, over the remains of the late Mr. J. W. Hawkins, whose death occurred Wednesday evening. The services were by Rev. Kenneth D. Holmes, pastor of Fifth Street M. E. Church, and a number of very pretty floral tributes were laid on the casket. The interment was in Bellevue cemetery, the pall-bearers having been Messrs. D. Walborn Davis, E. O. Hunter, J. T. Riley and W. H. Schaefer.

MR. CHAS. CLEMMONS DEAD.

Well Known Citizen Passed Away Early Yesterday Morning.

Mr. Charles A. Clemmons, a well-known citizen of Wilmington, a native of Germany, passed away at his home in this city, No. 610 South Seventh street, early yesterday morning, after a lingering illness with tuberculosis. Mr. Clemmons was in the 51st year of his age, and for many years was employed by Mr. C. F. VonKampen. He was a man of noble impulses and was generally liked by those who knew him. He leaves a wife and four children, Mrs. G. G. Hall, Mrs. C. P. Newton, Miss Eva Clemmons and Mr. Chas. W. Clemmons. The funeral will be conducted from the residence this morning at 10 o'clock and the interment will be on Greenville Sound.

A RECORDER'S COURT

Position of Chamber of Commerce on Question Prior to its Reorganization in 1902—Statement in Justice to This Paper.

A few days ago in referring locally to a reported organized opposition among certain business men of the city to the pending recorder's court in this county, it was incidentally stated that it was but a few years ago that the Chamber of Commerce passed a strong resolution endorsing such a court for the city. The latter statement was challenged by Secretary James Kyle, of the Chamber, who set forth in a card, which was cheerfully published, that no such action had been taken nor had the matter been discussed even since he had been secretary of the reorganized body, dating back to May, 1902.

It is a matter of public record, however, that the question of a recorder's court for the city was taken up on its own initiative, as a matter of public policy by the Wilmington Chamber of Commerce at a meeting in the Seaboard Air Line building, on Front street, on the afternoon of December 21st, 1900, at 3:30 o'clock. Mr. Wm. E. Worth was at that time president of the Chamber and Col. John L. Cantwell was secretary.

President Worth, in calling the meeting to order, stated that at a previous meeting of the Chamber the members present were unanimously in favor of providing some remedy for the abominable magistrate system of the county, and devising some means of cutting down the excessive jail fees that arose from the confinement of persons in jail unable to give bond during the interim of criminal court terms.

Mr. W. B. McKoy, then county attorney, he said, had been addressed a letter with reference to the subject and Col. Roger Moore, at that time chairman of the Board of County Commissioners, and Mayor A. M. Waddell had been invited to be present. Mayor Waddell and Col. Moore were present at the meeting on the afternoon of December 21st, 1900, and after making this preliminary to the meeting, President Worth read the letter in reply from County Attorney McKoy. It was held that the magistrates had certain inalienable rights under the constitution, and Mr. McKoy stated that these could not be disturbed. He submitted, however, a statement of he jail fees, etc., and deprecated the fact that something had not been done to reduce them.

Col. Moore was then invited to make a statement, which he did, having come with figures from the official records, which he quoted. He laid particular stress on the enormous cost to the county of feeding prisoners held in jail awaiting trial for petty offences. These figures are given in the newspaper accounts of the meeting of the Chamber at the time, and they were regarded as conclusive. The idea of a recorder's court with enlarged jurisdiction over that conferred on the magistrates was then suggested and discussed with great favor by all present. Upon motion of Mr. Hugh MacRae, it was decided to appoint Messrs. T. D. Meares, J. A. Taylor and W. M. Cumming a committee to still further investigate and further the desires of the Chamber in this respect in every way possible.

Several grand juries since that time, one in particular, doubtless taking the cue from the Chamber of Commerce, have strongly endorsed the recorder's court, and several other organizations of a public nature gave similar endorsement.

So much in the interest of keeping the record straight as we go along, and with no purpose of endeavoring to commit the present or past Chamber of Commerce to the recorder's court in its present or any other form for that matter. The Chamber of Commerce is composed of business men, for whose opinions the Star has the profoundest respect, but in the meantime, there can be no harm in this paper's setting itself straight before the public in regard to the statement made several days ago. The Star has no quarrel to make with the Chamber of Commerce; neither has it any desire to antagonize that body in anything it sees fit to do or undo, collectively or individually.

FUNERAL OF MISS KINYON.

Impressive Services Yesterday Afternoon at Fifth Street Church.

Impressive funeral services were conducted at 2:30 o'clock yesterday afternoon from Fifth Street M. E. Church over the remains of the late Miss Estelle Lord Kinyon, who died in Chester, Pa., on Mondoy of this week. The services were by Rev. Kenneth D. Holmes, pastor of the congregation, and many friends of the deceased and of the family were present. A large number of beautiful flora' designs were laid on the casket. The interment was in Oakdale cemetery, the pall-bearers having been Messrs. W. B. Daniels, D. L. Boon, J. L. Donnelly and Jno. C. Davis.

Voting Contest Called Off.

The voting contest and also the free sketching contest for the public school children at the shoe store of the Mercer & Evans Company has been called off for the present. It began April 1st and was to continue till the last of the month, but for reasons satisfactory to the proprietor of the store, it was deemed expedient to call the the matter off until further notice.

SNIPES TRIAL LONG

All Day Yesterday in Superior Court Taken Up With Hearing Testimony.

DEFENCE CLOSES ITS CASE

State Will Offer Some Evidence in Rebuttal and Then Argument to Jury Will Begin—Need of a Stenographer.

The entire day in the Superior Court yesterday was consumed with the continuation of the hearing of the evidence for the State and all of that for the defense in the case of Lonnie Snipes, charged with the killing of W. L. Williams, in a McRae street house in this city last September. The State will offer one or two witnesses in rebuttal or the testimony offered yesterday by the defense when court convenes this morning and then argument to the jury will begin. It is hardly expected that this with the charge of His Honor will be subscribed to the jury before late this afternoon.

Upon the convening of court yesterday morning at 9:30 o'clock the State resumed its testimony with the introduction of Cyrus King, an orderly at the hospital, who went with the ambulance on the night of the tragedy and assisted Dr. E. P. Gray in putting the wounded man on the stretcher. He testified to the contents of Williams' pockets, these including a check for $11, a small bottle of strychnine tablets and a pen knife. As they were lifting him on the stretcher a small flask of whiskey fell from his pockets.

Special Officer C. T. Croom, regarded as the chief witness for the State, was next introduced. He testified to the position he held and said he wore his badge on the night of the tragedy. He went with some traveling men to the house of the Grier woman and was in the ball room. Snipes was there when he went in. They sat a few minutes and in came Williams and the Pinner boys. They sat talking a while and one of the Pinners began playing with a woman called Violet McDonald. She started behind the counter and one of the Pinners caught her around the waist and was holding her. Snipes was sitting on the music stand and pulled out a blue steel pistol, saying if Pinner didn't stop bothering his girl he would raise a rough house. Witness told him if he didn't put that pistol up he would give him some trouble. Tom Daniels heard him say so. Snipes put the pistol back and Pinner grabbed the girl again. She came from behind the counter and a tussel ensued, in which both fell to the floor between the music box and the window. Williams rushed over and pulled them up from the floor, the boy in the right hand and the girl in the left. Williams said they didn't come to make a rough house but to have a good time. The girl called Pinner a vile name and said she could whip him. Another of the Pinners slapped the McDonald girl in the mouth. Snipes jumped up and ran in front of them, and said, "I've got it in for you," and fired. Williams fell flat of his back, both hands extended. As witness started to arrest Snipes the latter turned on him with his gun. Witness told him to stop, he was under arrest, but Snipes went out of the door. Witness put his pistol in his pocket but he finally ran out of the house into the street. Witness grabbed for him as he put the weapon in his pocket, but he broke loose and ran towards Eighth and Mulberry or Grace streets. Witness shouted to him to stop and fired at him. Then Snipes jerked his pistol out of his pocket and started across the street. He whirled and witness shot him. Snipes cried out, "I'm shot." I yelled up the street to stop him and he ran on nearly to the corner and witness shot again. As Snipes turned the corner witness shot the fourth time. He ran around Eighth and MacRae towards Seventh and stopped nearly in the middle of the block and leaned against the fence. Witness placed him under arrest and brought him to Eighth and MacRae streets. Snipes begged witness to shoot him to get him out of the trouble; said he shot Williams in a passion and was sorry for it. There was but one shot in the house and four on the street. Snipes threw his pistol down when he was running and this was recovered. Prisoner was turned over to Officers M. A. Jones and Tatum.

Special Officer Croom was subjected to a most rigid cross-examination by attorneys for the defense in an effort to break down his character from his own admissions on the stand and to prove that he had told certain persons that Snipes had turned and fired at him in the street. The latter the witness denied. It was also sought to draw from the witness that he had told Policeman Leon George that he would help to draw a rope around Snipes' neck. This he denied.

Maude Pinner, a woman of the house, was the next witness, though she was not in the room. She heard but one pistol shot and testified to the persons running out of the house.

Upon conclusion of the Pinner woman's testimony, the State introduced several subpoenas for witnesses who could not be found and the defense

JEFFERSON LIFE INSURANCE COMPANY.

The Raleigh News and Observer of yesterday brings us news of a movement to organize a life insurance company with a paid up capital of half million dollars. It is to be known as "The Jefferson Life," and it is not a scheme on paper, but is practically an accomplished thing. It is announced that $375,000 of the capital stock has already been subscribed and it is proposed to secure the remaining $125,000 of stock in other Southern States thus making it a strictly Southern concern. The Star hails the announcement with rejoicing and congratulates the enterprising Raleigh men who have launched an enterprise of such magnitude and already have it in a position where success is assured.

Wilmington capital is interested in the new company and as the whole State is concerned in its organization, a history of the movement is worth knowing. The News and Observer in telling us of "The Jefferson Life," gives it to us as follows:

"A few months ago, Mr. P. D. Gold, Jr., of Greensboro; Mr. Charles W. Gold, of Wilson, who have been among the most successful of the younger life insurance men in North Carolina, with Mr. H. G. Chatfield, a capable insurance man from New York, who had held a responsible position a large insurance company in New York, visited Raleigh, and laid before the president of the Chamber of Commerce a plan they had formed of organizing the strongest life insurance company in the South, with headquarters at Raleigh. The matter was brought by Chairman Joseph G. Brown to a few of the leading spirits of Raleigh, who discussed the matter and, after mature deliberation these Raleigh leaders decided to subscribe for $100,000 of the $500,000 to be raised. This guarantee made by the first financiers of Raleigh, together with the high standing of the Messrs. Gold and the recommendations of Mr. Chatfield, gave such confidence to the proposition that during the few weeks that the matter has been presented to leading business men, stock to the amount of $375,000 has already been subscribed. The balance is to be placed where it will guarantee the best distribution to the advantage of the company.

"The company is to be named "The Jefferson," after America's foremost statesman, the first man except Washington the South has produced, the author of the Declaration of Independence. It is a fit name for a great company and the promoters are to be congratulated upon choosing that name—one that is Southern in a sense but also national and international.

"The plan upon which the company will be organized will be to have $250,000 of capital stock and $250,000 surplus, and it will therefore at once have the largest cash capital of any Southern company yet organized. The management will proceed along the lines recommended by the Committee of Fifteen who will be appointed at a conference of Governors, Attorney Generals and Insurance Commissioners held in Chicago in February, 1906, who met to draw uniform insurance laws. Thus the recommendation of that committee gave the concensus of opinion of the best insurance minds in America. The purpose of the company will be to give safe insurance to the Southern public at the lowest possible cost. and at the same time to retain at home the large accumulation of funds, and to make investments in the localities as nearly as possible in accordance with the funds derived therefrom. As it will be essentially a Southern company, the capital of the foremost insurance State in the South would make Raleigh the logical home for the largest company in the South."

Leading capitalists and successful business men throughout North Carolina have taken stock in the Jefferson. The foremost men in the cities and towns of the State are at the back of it. Among the Wilmington subscribers are H. C. McQueen, president of the Murchison National Bank; J. V. Grainger, cashier of the Murchison National Bank, and Charles N. Evans, cashier of the Southern National Bank. Some of the other well known subscribers are given in the News and Observer as follows:

Joseph G. Brown, president of the Raleigh Chamber of Commerce, president of the Citizens National Bank, and vice president of the Atlantic Fire Insurance Company; Herbert W. Jackson, of the Commercial and Farmers' Bank, of the Atlanta Fire Insurance Company, and director of other leading important financial institutions; Col. A. B. Andrews, vice president of the Southern Railway, and one of the richest and most successful capitalists in North Carolina; Charles E. Johnson, president of the Raleigh Banking and Trust Company, president of the Atlantic Fire Insurance Company, and president of the Mechanics Savings Bank; Ex-Judge Thomas B. Womack, a leading attorney of Raleigh; Hon. Richard H. Battle, a leading attorney of Raleigh and president of the North Carolina Home Insurance Company; Ashley Horne, president of the North State Fire Insurance Company, Greensboro, the Clayton Bank and director of leading banking and industrial enterprises; Hon. Charles B. Aycock, ex-Governor of North Carolina; Henry W. Lilly, president of the Bank of Fayetteville; Charles J. Parker, successful business man of Raleigh; Wm. H. Williamson, President of Pilot Cotton Mills, Raleigh; Nathan O'Berry, leading lumber manufacturer and capitalist of Goldsboro; J. Elwood Cox, president of the Commercial National Bank, of High Point, president of the Globe Manufacturing Company and other important enterprises; J. A. Meadows, lead-manufacturer and capitalist of New Bern; George Holderness, president of the First National Bank of Tarboro; J. C. Hales, cashier of the Branch Banking Company, of Wilson; John O. Ellington, of the Bank of Fayetteville, and Wm. E. Holt, of Charlotte, one of the richest manufacturers and capitalists in North Carolina, and others of like standing.

The above is a strong showing, and no doubt there are equally as strong subscribers whose names do not appear in the list. If, however, only those whose names appear above were at the back of "The Jefferson," it would be a tower of strength.

The South has already demonstrated its ability to make success of enterprises of far greater magnitude than the insurance business, and as a matter of fact we already have in North Carolina both life and fire insurance companies that are being conducted with eminent success. There is no reason why "The Jefferson" should not be established with the utmost confidence in results, for it will come before the people with far greater right to invite their confidence and support than many Northern companies which figured in the Hughes investigation in New York not so many moons ago.

ROOSEVELT'S POSTHUMUS.

On Wednesday following the publication of the sensational Harriman letter the day before, President Roosevelt had a posthumus talk with the newspaper boys. His main effort was to try to get in an answer to the whack of Judge Parker about the corporations fianncing his campaign. He lugged in this statement that he made November 4, 1904:

"That contributions have been made to the Republican committee, as contributions have been made to the Democratic committee, is not the question at issue. Mr. Parker's assertion is in effect that such contributions have been made for improper motives, either in consequence of threats or in consequence of improper promises, direct or indirect on the part of the recipients. * * * But there is not one particle of truth in the statement," etc.

It doesn't make any difference whether corporations subscribed to either the Republican or Democratic funds, there is positively no grounds upon which it could be justified. However, it must have been a fool corporation that would subscribe to the success of the Democratic party when the principal reason it has been defeated time and again is that it is dangerous to vested interests.

CURRENT COMMENT.

—Any Senator who goes to the White House now is under suspicion of a design to look it over with a view to occupancy.—Philadelphia Inquirer.

—The Spartanburg Journal says: "What has become of the old fashioned man who had a suit of 'Sunday clothes?'" The man is still with us, the suit is in soak and his good wife has the pawn-money invested in Easter headgear.—Charlotte News.

—Norfolk had a population of 67,000 in 1906, according to the estimate of the Census Bureau. That's a good gain from 21,000 in 1880. It is at the rate of 8 1-2 per cent. a year. The same rate of growth would mean a population of 90,000 in 1910.—Norfolk Landmark.

—In enumerating the qualifications of a member of its editorial staff, the Raleigh Times says he has a football record. If things continue to go on as they have been going recently, a prize fighting record may be a good thing for an editor to have among his working tools.—Winston-Salem Sentinel.

—The Tradesman says the South could afford to import a million argicultural laborers, paying $500 to get them and recoup itself in one year on one crop for the outlay. This sounds like a broad assertion, but when we remember the vast sums that are being lost annually because of a lack of these million laborers the statement sounds more reasonable.—Charlotte News.

—The first gun in the war against the county dispensaries has been fired against the Richland County Board, in a petition to the Governor for its removal, signed by two beer dealers. There will be a good many of these skirmishes, no doubt, and the guerilla warfare will wax warm at times. eLt it go on merrily as it may. We shall get back the sooner to rational methods of controlling the liquor traffic, which is a private business and should be committed to individual effort.—Charleston Post.

—Commenting on the sudden death of "Silent" Smith, the multi-millionaire of New York, the papers of that city are absolutely silent with respect to any work that he may have done for humanity with his great fortune. If he ever did anything at all to make his name remembered outside of the circle of winers and diners nobody ever heard of it. The chief interest of the New York papers, it seems, is with respect to how much money he left and to whom his widow will next be married. The widow, who was divorced from another husband only a few months ago, will inherit something like $50,000,000 and thus become one of the most eligible and interesting young persons in the world.—Savannah News.

TWINKLINGS.

—The Visitor—Yes, my husband is very handy. He mended the cuckoo clock the other day; but it ain't quite right yet. It oos before it cucks!"—Punch.

—"Are you going to Florida this season?" "Not necessary. I've had my house fitted up with potted palms, a new steam-heading plant, and a roulette table."—Life.

—Mrs. Neighbors—Are you aware that your new hired girl is a somnambulist? Mrs. Meadowgrass—My goodness, no! She told me she was a Baptist.—Chicago Daily News.

—"Charley, dear," said young Mrs. Torkins, "did you say you were in the stock market?" "Yes; on a margin." "Oh! That's different. I was afraid you'd gotten excited and plunged all the way in."—Washington Star.

—Church—Have you followed this Harriman investigation? Gotham—No. Did the experts testify that he was crazy when he did it, but that he's all right now?—Yonkers Statesman.

—"There isn't anything much worse than a growing boy," said the boarding-house philosopher. "He's all legs and neck." "Something like a chicken, eh?" giggled the frivolous stenographer, who sat far enough away from the landlady to say such things.—Philadelphia Record.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy the germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

GRAFT ON PANAMA CANAL.

Congressman Rainey Has Been Down and Found Something Rotten.
(By Wire to The Morning Star.)

New York, April 2.—Congressman H. T. Rainey, of Illinois, after spending eight days in the Panama canal zone today returned here enthusiastic over the progress made to the great waterway, but most unafovorably impressed with the management of the commissary department.

A careful investigation of the commissariat would, Mr. Rainey believes, bring to light a scandal "second only to the bull meat scandal of the Spanish-American war."

The head of the department, he said, was overworked, and details left to subordinates were carelessly done. The chief trouble, he thought, lay in the fact that meat which left the United Sates in good condition and arrived at the Isthmus well preserved, was not met at the docks, as was supposed to be the case, by refrigerator cars, but instead was leisurely transferred in a temperature of betwen 80 and 90 degrees, with the result that unless served with a strong garlic dressing or gravy it was unpalatable.

Mr. Rainey said that he would prove that the lunch served to the Congressional party that recently visited the Isthmus, and which was supposed to consist of the same menu served daily to canal workers at a cost of 30 cents a man, was in reality ordered five days in advance, and cost $1.65 a plate. While the commissariat was supposed to serve food at cost, the stewards, he said, were ordered to make a profit of at least $50 to $60 a week. Shoes that could be bought in the United States for $3 a pair were sold by commissariat, the Congressman declared, at $8 a pair. There was no doubt, he added, that "graft is rife somewhere."

EARTH SHOCKS IN THE AZORES.

Violent Quakes Run Panic Stricken People from Homes.
(By Cable to the Morning Star.)

Ponta Delgada, Island of St. Michaels, Azores Islands, April 3.—Violent earth shocks prevailed throughout this island during the night. The worst disturbance occurred at Villa Franca, where the panic-stricken people fled to the outskirts of the town. The wealthier inhabitants are leaving Villa Franca, the ancient caiptal of St. Michaels, which was twice previously destroyed by volcanic eruptions, being practically swallowed up by an eroruption of mud in 1522.

PLOT AGAINST KING CHARLES.

Great Excitement Prevails at Capital of Roumania.
(By Cable to the Morning Star.)

Berlin, April 2.—In a dispatch to the Tageblatt from Czernowitz, Austria-Hungary, not far from the Roumanian frontier, it is said that intelligence has been received there from Bucharest to the effect that a plot has been discovered at the Roumanian capital against King Charles and his government. The city of Bucharest, it is added, is in a state of great excitement, peasants are not permitted to enter the capital and numerous arrests have been made.

WARM WIRELETS.

At Passaic, N. J. yesterday a mother and four of her children perished in a tenement house fire. The victims were Mrs. Philomena Satupo, 26 years old; Mary, aged 7; Hbraibo, aged 5; Antonio, 3; and Joseph, aged 7 months. The flames were first seen issuing from the cellar.

The airship which was brought to this country by Santos Dumont for exhibition at the St. Louis Exposition and which was seized by the customs officials for non-payment of duty, was sold in New York yesterday for $80. It was one of the several hundred articles disposed of at the general appriasers stores in the annual sale of unclaimed goods.

P. D. Cravath, J. G. Milburn and R. S. Lanett, all of New York, the last named general counsel of the Union Pacific Railroad, arrived in Washington last night and will represent E. H. Harrfman at the hearing in the Harriman lines investigation before the Interstate Commerce Commission today.

After spending Tuesday night in Oakland cemetery, in Atlanta, beside the grave of his little niece who died a few days ago, Robert S. Stewart, a bookeeper, shot and killed himself yesterday. He left a note saying that he was short $600 in his accounts, whch he was unable to pay, and that he was crazed with grief over the death of his sister's child.

Two hundred longshoremen employed by the Old Dominion Steamship Company at Norfolk, went on a strike yesterday afternoon because the company refused to grant increases of from 15 to 20 and 25 cents per hour. The company has positively declined to give the increase and will, it is understood, handle its work with new man and hold no negotiations with the strikers.

All the paper makers employed at the International Paper Company plant at Fort Edward, N. Y., went out on strike Tuesday night. The strike is the result of trouble between the papermakers' union and the pulp, sulphite and the paper mill workers. The papermakers demand the dismissal of members who deserted their union and joined the mill workers.

Consular dispatches received at Constantinople from Erzerum, Turkish Armenia, dated Tuesday, say that stronger earth shocks were felt at Bitlis throughout the night of March 31, resulting in fresh casualties and the destruction of houses. The greater part of the vilayet of Bitlis is affected by the earthquake and there has been considerable loss of cattle. The British consulate at Bitlis was damaged and the majority of the buildings there are unsafe.

LOCAL DOTS.

—There was no session of the police court yesterday and only one arrest, that of Robert Wilson, charged with being drunk and down at Fourth and Bladen streets.

—An entertainment and oyster supper will be given in Blossom's Hall at Castle Haynes Friday night for the benefit of the Baptist Church there. The admission will be free. All are invited.

—Four of the negroes charged with general disorder at a festival in East Wilmington Friday night of last week, submitted before Justice Bornemann yesterday, and they will be given trial before him this morning. In the meantime it is expected to bring the other participants in the difficulty before the court.

—The Christian Church revival on Fourth, between Princess and Chestnut streets, is growing in interest. The people are giving close attention to the preaching of the word by Mr. Davis, and although the congregations are not large they are growing. Services are held each night at 7:45 o'clock and all are invited to come and bring their friends.

—By deeds field for record yesterday the following real estate transfers appear: Wm. M. Bellamy to Joshua Green, for $75, property on west side of Ninth, 198 feet north of Wright street, 20x116 feet in size. H. F. Wilder and wife to L. V. Grady, for $2,050, undivided interest in property on south side of Chestnut, 110 feet east of Fourth street, 34x66 feet in size.

PERSONAL PARAGRAPHS.

—Mr. A. H. Jones has returned to the city from a business trip up the Seaboard Air Line Railroad.

—Mrs. E. M. Wilson, of Haverford, Pa., who has been spending the Winter with her parents, Mr. and Mrs. H. McL. Green, of this city, returned to her home last evening.

—Mr. J. F. Johnson, clerk of the Superior Court of Pender county, was [illegible] yesterday on official busi- [illegible] Long, now hold- [illegible] an

did the same. The State then rested its case.

The first efforts of the defense were to break down the character of Witness Croom, Col. Walker Taylor, ex-Mayor Wm. E. Springer, Messrs, John J. Fowler, W. A. McGowan, Capt. R. W. Price and Capt. Jno. W. Harper being introduced for this purpose. Capt. Harper would testify only that Croom's reputation for fighting was bad.

Officer M. A. Jones was the next witness. He had been summoned for the State, but had not been put on the stand. He was introduced for the defense and said that Croom had said to him that he (Croom) had shot Snipes in self-defense. It was also brought out from him that Croom had said that Snipes fired at him in the street. Officer Jones was given a rasping cross-examination by the Solicitor, who pressed him to know why he had not testified to these facts at the private examination in the Solicitor's office. Mr. Jones said that he was not under oath at that time.

Officer Tatum was introduced and corroborated Mr. Jones in all important points as to the arrest.

Dr. E. P. Gray, of the hospital staff, testified as to the transfer of the body from the house and as to locations, etc. A diagram of the interior of the house, made by Dr. Gray, Mr. Bellamy, Mr. Gafford and others, was presented and Dr. Gray said it was correct. It was pasted just back of the witness chair to assist witnesses in explaining their testimony.

Officer Jones was on the stand when court took a recess for dinner and his testimony was concluded in the afternoon.

Lonnie Snipes, the defendant, was put on the stand in the early part of the afternoon. He made a good impression but was slightly nervous, probably due to an impediment in his speech. He said that he would be 20 years of age on the 8th day of next June. He lives with his mother and sisters in this city. His father died a few years ago. The afternoon before the tragedy he went out in the country with J. J. Watters, a friend. They carried a gun. That night they went to Gussie Grier's house and found Croom and Daniels there. Croom was seated on the music stand and Daniels on a willow chair. Croom called witness and they had a few words. A woman came to him and asked ihm if he wanted a bottle of beer; said he didn't care. She went behind the coutner and witness went to front of bar. Watters lifted another woman up on the counter; couldn't swear to the right names of the women. Four men came in about this time, none of whom he knew. Croom was still seated on the music stand. Witness had his coat off and his pistol was sticking out of his hip pocket. One of the men applied an unprintable epithet towards him as a coward with a gun in his pocket and said let's kill him; the rest of them said all right; they all got beer bottles and other implements and Croom jumping up, said, "I'm with you, boys," pulling his pistol. Witness said he tried to get out of the house but Croom blocked the door. A general fight ensued in which he was struck in the stomach and shot by Croom in the house. He said he drew his pistol but could not say whether he fired [illegible]r not; if he did, it was in self- [illegible] as he was being assailed by [illegible] crowd. For three or four [illegible]thing was blank to him. Watters was sharply questioned as to why he had not testified to the second shot in his main narrative of the occurrences. He said that he had simply forgotten.

At the conclusion of Mr. Watters' testimony, Rev. A. D. McClure, D. D., pastor of St. Andrew's Presbyterian Church; Mayor Pro Tem. O'Brien and Messrs. J. W. H. Fuchs, F. T. Skipper and J. A. Gregory were introduced to prove the good character of Snipes. Then Officer M. A. Jones was recalled to set his statements of the morning straight, as was also Officer Tatum. Dr. E. P. Gray was also recalled and stated that on the night of the tragedy Snipes believed that he was going to die and had said. "God knows, if I shot him, I shot him in self-defence."

With this testimony the defence at 5:25 o'clock closed its case. Solicitor Duffy said that it would be impossible for him to get in all his evidence in rebuttal before night. Judge Long suggested the propriety of holding a night session if some arrangement could be made to get a stenographer to take the evidence. He said that it was necessary that there be very full notes of a case of the kind, and it was strange that one of the largest and richest counties in the State had not provided this necessary assistance to the court in important cases. It was making the presiding judge of the court a regular automaton. The case could have been finished in a day if so much time had not been lost in making a transcript of the evidence in long hand. Juror D. L. Gore arose in the box to say that if the court would have a night session he would provide the cost of a court stenographer. Judge Long said that he would not have him do this, but the county should take action to secure the services of a permanent stenographer. Then it was decided to have no night session and court took a recess until this morning at 9:30 o'clock.

The usual instructions were given to the jury as to a discussion of the case or allowing it to be discussed in their presence. The reading of local papers was denied them, but the judge stated that they might read such papers as the Washington Post and the New York papers. They should read no accounts or comments upon the trial in question. They were given permission to visit their homes in a body to attend to any strictly private affairs that they may have to look afer, but otherwise they must remain strictly in custody of the deputy, who would allow as wide latitude as possible.

The case attracted not a little interest during the day, and the court room was crowded for all the afternoon. Judge Long insists on the best of order in the court room, and all attendants are required to be seated. He is especially solicitous for the comfort of the jury, and permits no standing around the end of the box nearest the entrance door. In the crowds are many young boys. Yesterday morning Judge Long insists on the best of [illegible]tions to allow no youngsters under the age of 18 to remain in the room while the details of the trial were being brought out. Four of the spectators under 18 were excluded by Sheriff Cowan during the day.

Outside the Snipes trial there was only one proceeding in court yesterday. This was the admission to the bar of Mr. F. W. Bonitz, of Wilmington, who recently passed the Supreme Court examination. He was presented by Mr. Junius Davis, and was duly sworn in as a practitioner at the bar. During the day he was assisting Solicitor Duffy in the groundwork of the Snipes case. As stated above, the case now in hearing will probably get to the jury late this afternoon.

MURDERER OF MRS. GENTRY.

Frank Constantine Caught in New York for Deed in Chicago.

(By Wire to The Morning Star.)

New York, April 4.—The man under arrest in Brooklyn on suspicion that he murdered Mrs. Gentry, of Chicago, made a statement to the police today, in which he said that he is Constantine, the man for which the Chicago police have been searching. He said he did not kill Mrs. Gentry, but that she committed suicide in his presence. He said he was willing to return to Chicago.

The suspect was identified by a man named Jacob Stein, who had known Constantine. Stein picked the prisoner out of a line of half a dozen Italians ranged up in the Brooklyn police headquarters, and walking up to him placed his hand on his shoulder and said: "This is the man. Hello, Frank. You know me don't you?" When the prisoner shook his head Stein continued, "They've got you right in this thing. You better own up."

The prisoner steadfastly denied Stein, however, and declared again and again that he had never seen the man before, but shortly after Stein had left the police headquarters the prisoner broke down and made his confession. He told the police that he had gone to call on Mrs. Gentry and was with her when for some unknown reason she seized a knife and cut her throat. He was afraid that he would be suspected of the crime and fled. Now that his identity had been established, however, he was willing he said to go back to Chicago and tell his story to the police of that city. Constantine declared that he never had any trouble with either Mr. of Mrs. Gentry and that there was absolutely no reason why he should kill Mrs. Gentry.

Mrs. Gentry, for whose murder Constantine is wanted, was killed on the afternoon of January 6, 1906. There were no eye witnesses of the crime, and the charge against Constantine rests upon circumstantial evidence. He was a roomer in the Gentry household and he and Mrs. Gentry were alone in the apartments just prior to the death of Mrs. Gentry. The first known of the crime was when Mrs. Gentry with her throat cut from ear to ear knocked at the door of a physician who lived in the apartment directly beneath that occupied and died before she could utter a word. The blood stained razor with which the crime was committed was found and was identified as the property of Constantine. The latter was seen to run from the house in great haste, dropping his hat as he fled. He was followed for a short distance and all trace of him was then lost. Scores of ment have been arrested in different parts of the country on suspicion of being Constantine, and some of them have had much difficulty in establishing an alibi.

HARRIMAN RAILROAD METHODS.

Investigation Begun Before Interstate Commerce Commission Yesterday.

(By Wire to The Morning Star.)

Washington, April 4.—Argument in the matter of E. H. Harriman's railroad transactions was begun before the Interstate Commerce Commission today. The case commenced at 10 o'clock and when the commission adjourned for the day at 4:30 P. M. Mr. Harriman's attorneys had not concluded their presentation in his behalf. The first of the series of addresses was made by Attorney Paul D. Cravath, who represented not only Mr. Harriman, but also Kuhn, Loeb & Co., and he was followed in the order named by Judge R. S. Lovett and John G. Milburn. Mr. Cravath dealt especially with the Chicago and Alton re-capitalization, while Mr. Lovett devoted most of his attention to the attack upon the consolidation of the Union Pacific and Southern Pacific roads, which was brought about largely through Mr. Harriman's instrumentality. Mr. Milburn had not concluded when the commission adjourned, but so far as he went he dealt entirely with the Union of the two Pacific roads. Mr. Cravath contended that the Chicago and Alton transaction had been misunderstood by both the commission and the public and he declared that the proceeding that followed was not unusual in financial transactions. Mr. Lovett also gave some attention to the Chicago and Alton affair, contending that the public had suffered no loss on account of the method of the re-capitalization. With reference to the Southern Pacific and the Union Pacific roads, he declared that they were not competing lines, but argued that even if they were, the transaction had not been illegal because the Southern Pacific had been purchased outright by the Union Pacific, which was not in contravention of the constitution.

Mr. Milburn said that the general application of the anti-trust law to the railroads of the country as it was proposed to apply it in the Southern Pacific-Union Pacific deal, would put every system upon the defensive, and that most of them would have greater difficulty than would the Union Pacific System in meeting the attack.

WAS NOT KIDNAPED BOY.

Ex-Senator Beasley Failed to Find Lost Son in Arkansas.

Norfolk, Va., April 4.—Ex-Senator Beasley, of Currituck county, North Carolina, who has just returned from Arkansas, where he had gone in search of his son, Kenneth Beasley, who is supposed to have been kidnaped, and for the murdering of whom Joshua Harrison was recently convicted at Elizabeth City, N. C., and sentenced to twenty years in prison. Senator Beasley saw the youth in Arkansas believed to be his son and says the boy was so much like Kenneth that it was hard to see how two boys not related could bear such a resemblance to one another, but the Arkansas youth was not the lost child.

At Vancouver, B. C., F. C. Gould, who on Wednesday pleaded guilty in the Vancouver court to six charges of forging checks, is believed to be wanted in Norfolk, Va., for murder. He is accused of killing his roommate in February, 1906. A reward of $400 was offered for his arrest. He admits having lived in Virginia, but denies the crime.

NEW YORK STOCK MARKET.

Confidence Seems to Be Coming Back to Speculators.

(By Wire to The Morning Star.)

New York, April 4.—There was a material expansion of the volume of transactions in today's rising stock market over that in the halting and hesitating market of yesterday. The market still preserved its professional appearance, however, and the movement was regarded rather as a readjustment of the price level to the changed conditions in the money market than as a response to any actual large absorption of securities. The readjustment in values was quite radical and sudden. Other factors were given a nominal influence in the day's movement, but there can be no doubt that the changed face of the money prospect lay at the root of the more cheerful sentiment expressed by the rise in prices.

Undoubtedly the relief measures adopted by the Treasury were a deciding factor in averting the expected April 1st crisis. Wednesday's Imperial Bank of Germany statement and today's Bank of France statement are sufficient evidence of the stress of the situation. The Paris market expressed its relief today that the bank rate of discount had not been raised to 4 per cent. The collapse in money rates clears up one of the darkest clouds in the financial horizon and is of vast sentimental influence in dispersing the depression recently hanging over the securities markets. Large importance was attached in the day's improvement to the reports from Chicago that a settlement had been reached of the wage dispute on Western railroads. Southern Pacific's very strong showing of net earnings for February helped that stock, and Union Pacific as well, and there was sympathetic effect on the whole market. The late market showed the usual effect of profit taking on so considerable a day's rise, but the gains were quite well maintained.

The bond market was active and very strong in response to the decline in money rates. Total sales, par value, $2,355,000.

United States bonds were unchanged on call. Total sales today were 1,222,400 shares.

SHIP STRIKERS RIOTING.

Brick-Bats and Guns Used and One Man Shot.

Loraine, O., April 4.—The serious clash that has occurred during the strike at the local yards of the American Shipbuilding Company took place late this afternoon during which a striking riveter, "Punk" Conners, was shot by one of the company's detectives. A large number of shots were fired and the incident has led to increased feeling between the strikers and strike breakers in the employ of the company.

The shooting occurred while a party of men in an open boat was crossing the river to deliver groceries to the men inside the shipyards. The boat was assailed by a large party of men and boys on the river banks who hurled stones and bricks at those in the boat in an attempt to turn them back.

At this point a fusillade of shots was fired by the detectives, who were inside the company fence. Connors who was with the party on the river bank, was shot in the shoulder, but no one else was hurt. The strike sympathizers who were parties to the trouble claim they were not armed and did not return the fire.

Rioting was renewed tonight when another squad of strike breakers was being escorted into the shipbuilding yards. The men were set upon by crowds who had congregated about the place, and several of them were hit with missles. A number of shots were fired and it is reported that a striker was wounded, but this had not been positively verified at midnight.

The evening was full of exciting incidents and both sides to the controversy are worked up to a high tension. Superintendent LeMarch, of the shipbuilding plant, declared tonight that if there was any further rioting here he would ask Governor Harris to send troops to take charge of the situation. Officials of the railroads entering Loraine, as well as officials of the Shipbuilding Company, say they contemplate applying to the courts for an injunction restraining the strikers from interfering with the strikebreakers or with the operation of the plant in any way.

The Old Dominion Steamship Jamestown, which arrived here from New York yesterday and has since been tied up at her wharf with 11,000 tons of freight still unloaded, by reason of the "longshoremen's" strike now on at the Old Dominion docks, was seriously threatened by fire which raged in her forward hold between decks for an hour and a half today. The fire got into the ship's general cargo where there were boxes of hats and many bundles of pasteboard for boxes, and the firemen found great trouble in fighting it. The damage will not exceed $1,500.

SCHOONER TUNNEL HOODOOED.

Dismantled By Gale and Abandoned at Sea.

Charleston, S. C., April 4.—With the captain and eight of the crew of the schooner Myrtle Tunnel aboard the steamer Mae, Capt. Carty came into port today. The Tunnel was on her way from Brunswick to New York and Monday ran into the northeast gale and was struck by a huge sea, which swept over the vessel, filling her and smashing up her gear. The sails were soon carried away and when the steamer Mae was sighted she was hailed and the crew abandoned the schooner to the waves. The Mae was enroute from Punta Gorda to Weymouth and put into Charleston for coal.

The Myrtle Tunnel was abandoned at sea off Charleston last Spring and was brought in as a waterlogged derelict and sold for salvage May 7, under order of United States Court and later repaired and again put into service.

BISHOP FITZGERALD DEAD.

Distinguished Northern Methodist Passed Away in China.

New York, April 4.—News of the death in Hong Kong of Bishop James N. Fitzgerald, of the Methodist Episcopal Church, was received today by the Methodist Book Concern in this city. Pleurisy was the cause of death. The bishop's home was in St. Louis. The remains accompanied by his wife, daughter, and son will be brought on the Pacific Mail steamer China, leaving Hong Kong April 9.

Bishop Fitzgerald, who was one of the general superintendents of the Methodist Church, was engaged in making one of the quadrennial visits which the bishops are required to make to the mission stations, at the time of his death. He left Montreal on October 27, last, accompanied by Mrs. Fitzgerald, his two daughters and son, Ray, to visit the Methodist missions in Southern Asia. He took part in the jubilee celebration of the founding of the Methodist mission in India at Barelly, December 28, and was to have represented the board of foreign missions at the China Centennial of the Protestant missions at Shanghai this month. His daughter, Cornelia, died at Penang in the Straits Settlements, while en route to India.

Bishop Fitzgerald was 69 years of age, and was born in Newark, N. J., and joined the Newark Conference in 1862. After acting as recording secretary of the Missionary Society of the Methodist Church from 1880 to 1888 he was elected Bishop in the latter.

SUIT AGAINST N. Y. CENTRAL.

Plain Case of Granting Rebate to Electric Company.

Syracuse, N. Y., April 4.—Papers to show there was a contract between the General Electric Company and the New York Central Railroad Company by which the railroad company was to give freight rebates to the General Electric Company were introduced in evidence during the trial of the case against the railroad in the United States court here today.

Seneca Kelly, division freight agent of the Central, admitted that there was an arrangement between the Central and the General Electric Company by which the Schenectady concern was to receive one cent for every hundred pounds of outgoing or incoming freight handled at the terminal in Schenectady.

Alex. Chandler, formerly traffic manager of the General Electric Company, testified that the arrangement with the New York Central as to terminal allowances were made through him. He said a similar arrangement had also been made with the Delaware and Hudson Railroad Company.

MR. TAFT FOR PRESIDENT.

Secretary Endorsed by Republican Club at Cincinnati.

Cincinnati, April 4.—At a special meeting of the Roosevelt Republican Club of Hamilton county tonight resolutions were passed endorsing the Roosevelt administration and pledging support to the candidacy of William H. Taft for the Presidency in 1908. In reference to the manner of deciding which candidate may receive Ohio's support, the resolutions say:

"This club also approves and welcomes the submission to the popular vote at open prmary the question of Ohio's choice for President or Senator provided such primary election were to be held at a proper time apart from a general election and provided were to be open without any restrictions except that those voting were Republicans in national politics.

At Sarapul, Russia, yesterday a police inspector named Fioloff was killed by a 16-year-old school boy named Kuznetsiff, who shot him down with a revolver. The boy was captured.

At Elkhart, Ind., yesterday Charles Calkins shot and killed himself in the street in front of the house in which Lottie Adams, his sweetheart, was employed. The only paper in his pockets was a clipping giving an account of the suicide of "Chick" Stahl, captain of the Boston American baseball team at West Baden, Ind. This is the second instance of suicide apparently suggested by Stahl's act.

GOLDEN NUGGETS FOR SALLOW PEOPLE

Notice of Election

FOR THE MEMBERS OF THE BOARD OF ALDERMEN OF THE CITY OF WILMINGTON AND FOR BONDS FOR STREET IMPROVEMENT AND WATER AND SEWERAGE.

The Board of Aldermen of the City of Wilmington, North Carolina, in accordance with the provisions of Chapter, entitled Towns, subdivision 7, of the Revisal of North Carolina of 1905, and in accordance with the provisions of an act of the General Assembly of North Carolina passed at its 1907 session, entitled "An Act to Allow the City of Wilmington, North Carolina, to Issue Bonds for Street Improvement," and in accordance with the provisions of another act passed at the 1907 session of the General Assembly of North Carolina, entitled "An Act to Allow the City of Wilmington to Issue Bonds for Water and Sewerage"; and by virtue of the powers therein given, do hereby call an election to be held by the qualified voters of the City of Wilmington on the 7th day of May, 1907, between the hours of eight o'clock and sunset of said day, for the election of two Aldermen from each of the five wards thereof; and also to determine whether the City of Wilmington shall issue bonds for Street Improvement, to the amount of four hundred thousand dollars ($400,000) and the levy and collection of the tax for the payment of said bonds and coupons; and further to determine whether the said City of Wilmington shall issue bonds for Water and Sewerage to the amount of five hundred thousand dollars ($500,000) and the levy and collection of the tax for the payment of such bonds and coupons.

At said election all qualified voters of the City of Wilmington shall vote a ballot of white paper, three inches long and two inches wide, upon which shall be written or printed the names of two electors from each of the five wards of the City of Wilmington to be voted for as members of the Board of Aldermen of said city. And all qualified voters who favor the issuance of bonds to the amount of four hundred thousand dollars $(400,000) for Street Improvement, and the levy and collection of the tax for the payment of said bonds and coupons, shall vote a ballot of white paper, three inches long and two inches wide, with "For Street Improvement" written or printed thereon; and all qualified voters opposed thereto shall vote a ballot of similar size with "Against Street Improvement" written or printed thereon.

And all qualified voters who are in favor of the issuance of bonds to the amount of five hundred thousand dollars ($500,000) for Water and Sewerage, and the levy and collection of the tax for the payment of said bonds and coupons, shall vote a ballot of white paper, three inches long and two inches wide, with "For Water and Sewerage" written or printed thereon, and all qualified voters opposed thereto shall vote a similar ballot with "Against Water and Sewerage" written or printed thereon.

For the purpose of the elections as authorized by said Chapter entitled "Towns" of the Revisal of 1905 of North Carolina, and as authorized by the Acts aforesaid, no new Registration of the Electors for said elections shall be required, but the Registrars hereinafter named shall revise the registration books of their wards in such manner that said books shall show an accurate list of all electors previously registered in their wards and still residing therein, without requiring said electors to register anew.

And the following are designated as the polling places in the several wards in the City of Wilmington, and the persons hereinafter named are appointed as Registrars and Judges of Election in the said wards, to-wit:

First Ward, polling place—Hose Reel House, Fourth Street Bridge: Registrar—Isaiah West; Judges of Election—W. H. Coleman and C. O. Knox.

Second Ward, polling place—Old Court House: Registrar—C. T. Smaw —Judges of Election—Roger Moore and W. J. Meredith.

Third Ward, polling place—Giblem Lodge: Registrar—A. G. Hankins; Judges of Election—L. B. Sasser and C. D. Morrell.

Fourth Ward, polling place—Worth's Ice House: Registrar—T. G. Pickett; Judges of Election—J. S. Williams and D. L. Gore.

Fifth Ward, polling place—Market House at Fifth and Castle Streets: Registrar—J. W. Gafford; Judges of Election—T. G. Landen and Thomas Lossen.

For the purpose of allowing any elector, residing in any of the wards of said city, and etnitled to register, whose name has never before been registered, and does not appear in the revised list, to register, the Registrars in each ward between the hours of nine o'clock A. M. and five o'clock P. M. on the 19th, 22nd, 23rd, 24th, 25th and 26th days of April, 1907, and between the hours of nine o'clock A. M. and nine o'clock P. M. on Saturdays, the 20th and 27th days of April, 1907, shall keep open the registration books of said ward for the registration of any new elector as aforesaid; and on the second Saturday before election day, to-wit, the 27th day of April, 1907, between the hours of nine o'clock A. M. and nine o'clock P. M. the registration books shall be kept open at the polling places in each ward for the inspection of the electors of said ward and any of the electors shall be allowed to object to the name of any person appearing on said book.

By order of the Board of Aldermen of the City of Wilmington, North Carolina, this the 3rd day of April, 1907.

SPIRITS TURPENTINE

—Greensboro Tar Heel, April 2: Half-grown green leaves clad in snow on Easter day was the sweet communion of Winter and Summer in the lap of Spring.

—Whiteville Echo: Mayor J. P. Waddell, of Fair Bluff, who recently took the pasteur treatment in Richmond(Va., for the bite of a rabid dog, is home again, and he and his friends entertain no fears of any bad effects resulting from the bite.

—Whiteville Echo: On last Saturday night, about 1 o'clock, the residence at the Atlantic Coast Fruit Company's farm near Whiteville was destroyed by fire. Almost the entire contents of the building were destroyed. It is believed that the fire was of incendiary origin, though there is no clue as to the guilty party.

—Wilson, April 3: Wilson as a cotton and tobacco market stands at the top. This season there has been received at this point so far 14,887 bales of cotton as against 9,587 bales for the same period last year; an increase of 5,300 to date. There have been sold on this market 14,500,000 pounds of cotton.

—Maxton, April 3: Peter Smith, white, overseeing some negro employes of the sawmill near Florence, had occasion to push up one Tom Lloyd, who was inclined to loaf rather than work. After the correction Tom struck Smith on the head, crushing the skull and producing death in about thirty minutes. Smith was a brother of Mrs. W. J. Currie, of this place.

—Whiteville Echo: 'Squire M. M. Harrelson, of Clarendon, was in town Monday, and qualified as a Justice of the Peace, having been appointed to that office by the recent Legislature, for a term of six years. Since 1872, except for four years of fusion rule, Mr. Harrelson has served continuously in this capacity, and there is hardly a more efficient and careful magistrate in the county.

—Thomasville, April 3: Last night Donnie May was shot and killed at the home of Will Loftin. The parties concerned were all colored. They were supposed to have been gambling when the shooting occurred. Charles Holy, who is believed to have done the shooting, is now in Lexington jail with two others who are implicated in the affair. They got mad over five cents. Their ages run from 15 to 20 years.

—Maxton, April 3: Duncan Southerland, a farmer who lived four miles from here, died suddenly yesterday afternoon. He was enjoying his usual good health and ate a hearty dinner. He was taken ill while sitting in his chair and lived but about a half hour after the first unusual symptoms were noticed. Mr. Southerland was 63 years old and was strong and robust, though of an apoplectic constitution. He was a Christian gentleman. In his death the community at large has sustained a great loss.

—Charlotte, April 2: The news has reached the city that Mr. Ralph Graves, of the staff of the New York Evening Post, has been tendered the responsible position of London correspondent of the paper with which he is concerned, one of the most eagerly sought after places in the gift of any metropolitan journal. Mr. Graves is a Tar Heel, a graduate of the University and an accomplished and experienced newspaper man. He married Miss Fay Griffith, of Charlotte, and has many friends in the city.

—Fayetteville, April 3: The County Sanitary Board, which is composed of five members of the Board of County Commissioners, and Drs. J. W. McNeill and J. H. Marsh met Monday afteronon to consider the question of what is known as the Broadfoot sewer emptying into Branson's Creek, just below the old John M. Rose place. The matter was of special importance to the thirty odd residents of Haymount who proposed to tap it. After considerable discussion and argument by both lawyers and phyiscians, the Board by a vote of 4 to 2, decided that the sewer should not empty into Branson's Creek.

—Mount Olive Tribune, April 3: The cold wave that passed over this section Monday and Tuesday nights, with a light frost Tuesday night, has severely damaged the truck and fruit crops. On Monday night a strong wind prevailed and prevented heavy frost, resulting in very little damage to strawberries, but the killing frost Tuesday night has, it is feared, greatly damaged growing truck crops. The full extent of the damage cannot be told at this writing—Wednesday morning—but it is known that all beans that were up have been destroyed. Fortunately this crop is not very far advanced. As a result of the cold wave and frost the strawberry shipping season will be greatly retarded. Had the weather remained warm, as for the past few weeks, berries would have been shipped by the 20th of April.

—Louisburg, April 3: The funeral services of the late N. H. Macon, who died Monday night at his country home near here, took place Tuesday afternoon, at the Baptist Church, and the body was interred in the cemetery. The deceased was 78 years of age and was a descendant of the great statesman whose name he bore. He was an ardent Republican, taking a keen interest in public affairs. He represented this county in the Legislature of 1887. He was a man of great kindness of heart and had many friends among all regardless of political affiliations. Some months ago he bought his coffin and shroud, and riding home with it in the wagon, placed it in his sitting room where it remained until his death. Besides his wife and a number of relatives in this country, among whom are Mayor W. H. Macon, there survive him several children who are now living in the far South.

—Greensboro, April: Reports from the nurseries at Pomona and also from the Greensboro and Vandalia nurseries here indicate that considerable damage was done the fruit crops by the frost this morning. The early varieties of apricots, peaches and pears have suffered greatly. Mr. J. Van Lindley, proprietor of the Pomona nurseries, is of the opinion that a two-thirds crop of peaches is left, while apricots and plums are killed. Mr. John A. Young, of the Greensboro nurseries, is of the opinion that the peach crop in this section is practically ruined, though his examination was made early in the day and he may have been mistaken.

—Spencer, April 2: Employes of the Southern Railway Company covering the entire system almost to a man have made a voluntary contribution from their wages for the month of March towards the erection of a memorial to the late Samuel Spencer, the lamented president of the company, who was killed in a collision last Thanksgiving day. The plan adopted was that employes shall give one cent for each dollar received for the month of March. The deductions will be made from the checks to be delivered April 20th. It is estimated that about $20,000 has already been raised in this way. It has been suggested that the memorial take the form of a modern hospital to be erected at Spencer, the town named in honor of the late railroad president.

"Pneumonia's Deadly Work

had so seriously affected my right lung," writes Mrs. Fannie Connor, of Rural Route 1, Georgetown, Tenn., "that I coughed continuously night and day and the neighbors' prediction—consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery which in my case proved to be the only REAL cough cure and restorer of weak, sore lungs." When all other remedies utterly fail, you may still win in the battle against lung and throat troubles with New Discovery, the REAL cure. Guaranteed by R. R. Bellamy, druggist. 50c. and $1.00 Trial bottle free.

KIDNEY TROUBLES

MISS KATE A. HEARN

The kidneys are essential organs for keeping the body free from impurities. If they should fail to work death would ensue in very short time.

Inflammation or irritation caused by some feminine derangement may spread to some extent to the Kidneys and affect them. The cause can be so far removed by using Lydia E. Pinkham's Vegetable Compound that the trouble will disappear.

When a woman is troubled with pain or weight in loins, backache, swelling of the limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys, she should lose no time in commencing treatment with

Lydia E. Pinkham's Vegetable Compound

It may be the means of saving her life. Read what this medicine did for Kate A. Hearn, 520 West 47th Street, New York, who writes:—

Dear Mrs. Pinkham:—"I owe a debt of gratitude to Lydia E. Pinkham's Vegetable Compound for it has saved my life. I suffered with Kidney trouble, irregularities and painful periods, and my blood was fast turning to water. I used your medicine for some time and it has made me strong and well."

Lydia E. Pinkham's Vegetable Compound made from native roots and herbs cures Female Complaints, such as Falling and Displacements, and Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach. Cures Headache, General Debility and invigorates the whole system. For derangement of the Kidneys in either sex Lydia E. Pinkham's Vegetable Compound is excellent.

Mrs. Pinkham's Invitation to Women

Women suffering from any form of female illness are invited to write Mrs. Pinkham, at Lynn, Mass., for advice. It is free.

THE COTTON MARKET

By Wire to The Morning Star.

New York, March 4.—The cotton market was moderately active today and showed continued steadiness with the close steady at a net advance of 5 to 8 points. The sales for the day were estimated at 16,000 bales. The opening was steady at unchanged prices to an advance of 2 points, the gains being on the near positions, which were influenced by rather higher cables than expected, and which were relatively active, while the new crop months felt the effects of predictions for further rains in the Southwest. Leading brokers were buying on the call, particularly July, and the market worked up several points right after the opening owing to the light estimate for tomorrow's receipts at Houston, and continued firm cables from the English market, where Egypt and the Continent were said to be buying. After showing a net gain of about 5 to 8 points there was enough realizing to cause a slight recession, but the market firmed up again in the early afternoon on exports and reports of a better spot demand. Prices one time were 9 to 12 points net higher. The close was a little off from the best under realizing. Business was a little more general than recently, but it was thought that the demand came chiefly from the bull interests and scattering spots. Southern spot markets were unchanged to 1-16 higher. Exports for the day were about 50,000 bales in excess of the port receipts.

Receipts at the ports today, 16,184 bales, against 21,903 last week, and 15,912 last year. For the week, 125,000 bales, against 147,231 last week, and 113,955 last year. Today's receipts at New Orleans, 2,682 bales, against, 4,416 last year, and at Houston, 4,080 bales, against 3,483 last year.

Spot cotton closed quiet 5 points higher; middling uplands, 11; middling Gulf, 11.25; sales, 31 bales.

Future sclosed steady.

DRY GOODS MARKET.

(By Wire to The Morning Star.)

New York, April 4.—The dry goods market is firm and quiet. Buyers are making initial purchases of white dress goods and ginghams for Spring 1908. Raw silk is reaching extraordinary prices, a standard quotation now being over $6 per pound for future deliveries from the new crop. Men's wear linens are quiet. Cotton yarns hold steady, but are very quiet in this market. The large selling goods for the moment are bleached goods and staple prints, both of which are being advanced to higher price levels.

FINANCIAL MARKET.

TO CURE THAT COLD

Local Druggist's Suggestion.

Said Druggist R. R. Bellamy, "This is the season for coughs and colds, and for the benefit of Wilmington people we want to tell them the best means for a cure.

"Don't dose the stomach with cough syrups. It's no use; they only soothe a little—upset the stomach and do not heal.

"The best cure we know is Vinol, which contains in a highly concentrated form all of the healing, curative elements taken from genuine fresh cods' livers, without a drop of oil to upset the stomach and retard its work. It contains no sickening drugs whatever. Vinol heals, cures and strengthens the sore lungs and bronchial tubes. It makes rich blood, builds up the appetite and creates strength; in fact, it is the best remedy we have ever sold in our store for chronic coughs, colds, bronchitis, and all lung affections.

"We ask every person in Wilmington who has a chronic cough or hard cold to try Vinol on our guarantee to return their money if they are not satisfied." R. R. Bellamy, Druggist.

NOTE.—While we are sole agents for Vinol in Wilmington, it is now for sale at the leading drug store in nearly every twon and city in the country. Look for the Vinol agency in your town.

SEEING GHOSTS AT WHITE HOUSE

Alleged Discovery of Great Conspiracy to Defeat President Roosevelt's Policies.

FRIEND DIVULGED PLOT

Declared By President That Hearst-Harriman-Rockefeller Combination Have $5,000,000 to Capture Republican Convention.

(By Wire to The Morning Star.)

Washington, April 4.—It was said on authority at the White House today that there is ample evidence at hand for the claim, the President holds, that there is a movement on foot to defeat his policies in the next Congress and in the national convention. It is declared that the Hearst-Harriman-Rockefeller combination has already a fund of $5,000,000 with which to carry on its campaign in opposition to the President. It was further authoritatively said:

"They are gathering up the loose ends but the movement will flatten out. It is apparent in Ohio and Pennsylvania, in fact, it extends across the entire continent. The scheme was thoroughly divulged at a recent dinner and reached the White House through a friend of the President. The scheme of the people behind the movement is to buy newspapers, public men and others who may assist the opponents of the President in their work."

It was also stated authoritatively at the White House today that part of the plan to encompass the defeat of the President's policy is the election of State delegations to the National convention from those States known to favor the President, these delegates to be instructed for President Roosevelt notwithstanding knowledge in advance that the President would not be a candidate for re-nomination. Then, according to the statement made, these delegates, upon the President's declining to be a candidate for re-nomination, as he has said he would decline, the delegates are to consider themselves free and are to be switched over to some opponents of the President and the policies for which he is standing.

The secret of the alleged combination, it was stated at the White House, first leaked out at a dinner in this city attended by a number of anti-Roosevelt Republicans a few weeks ago. A friend of President Roosevelt who was present at the dinner carried the news to the White House.

NO STRIKE ON WESTERN ROADS.

Chairman Knapp Brings About Compromise at Chicago.

Chicago, April 4.—The difference between the Wesetrn railroads and the members of the Order of Conductors and of the Brotherhood of Railway Trainmen were finally adjusted today. The men abandoned their demand for a nine-hour work day and the railroads made an advance over their previous propositions in the pay of baggagemen, flagmen and brakemen of $1.50 per month. The original demands of the men were for an increase of 12 per cent., and for a working day of nine hours.

The managers offered an increase in pay of 10 per cent., and declined to grant the nine-hour day.

The agreement was reached mainly through efforts of Chairman Knapp, of the Interstate Commerce Commission and Commissioner Neill of the United States Bureau of Labor. They formulated the final proposition and the adjustment was chiefly due to their labors.

The new agreement goes into effect on April 1 and is retraactive for the first three days of the month.

FOURTEEN EARTHQUAKE SHOCKS

Quake at Bitli's Was Worst in Last Forty Years.

(By Cable to The Morning Star.)

Constantinop'e, April 4.—The following dispatch was received here today from the Rev. Royal M. Cole, head of the American mission at Bitlis, Turkish Armenia :

"At 10 o'clock in the forenoon of March 29, there burst upon us unannounced the worst earthquake witnessed in forty years in these or the Erzerum volcanic regions. During the first day there were fourteen shocks and they still continue. Over 300 houses have fallen and half the remainder have been seriously damaged. The officials report that eight persons were killed by falling awlls, but they are all unknown in Bitlis. Many persons were wounded and many churches, mosques and government buildings were damaged. The surrounding villages sustained heavy shocks. The foreigners at Bitlis are the Russian Consul, Charlotte E. Ely, Mary A. C. Ely, Royal M. Cole, Mrs. Lizzie Co'e and Miss Nellie A. Cole."

GANS AND LEWIS TO FIGHT.

Articles of Agreement Signed at Chicago Yesterday.

Chicago, Ajril 4.—Joe Gans, the light-weight champion, and Harry Lewis, of Philadelphia, have been matched to fight at 133 pounds weigh in at the ringside stripped. The representatives of both men met here today and agreed upon all the details of the match. The articles signed call for a fight within the next three months for the best purse obtainable. Forfeits for $5,000 for each were posted and no purse less than $20,000 is to be considered. Battling Nelson, who was present when the match was made, was given the preference by Gans but the Chicago man declined, stating that he had enough money to retire.

THAW IS SANE SAYS COMMISSION

District Attorney Jerome Made Stormy Protest Against Confirmation By Court.

THREATENED TO STOP TRIAL

Demanded Minutes of Lunacy Commission, But Justice Fitzgerald Refused—May Appeal to Higher Court—Continued to Monday

(By Wire to the Morning Star.)

New oYrk, April 4.—Harry K. Thaw today was declared sane by the unanimous report of the commission in lunacy appointed to inquire into his present mental condition. The moment the decision was handed down from Justice Fitzgerald's desk, District Attorney Jerome was on his feet vigorously protesting against its confirmation by the court. He charged that he had been excluded from the last session of the commissinn and demanded to be allowed to have access to the minutes and stenographic notes of what transpired at the final mental and physical examination of the defendants.

When Justice Fitzgerald declined to turn the minutes over to the district attorney, Mr. Jerome declared he would carry the case to the appellate division of the Supreme Court, asking that a writ of prohibition or mandamus be granted to prevent a continuance of the Thaw trial until the higher court had ruled upon the legality of the commission's course.

Justice Fitzgerald reminded Mr. Jerome that he had waived the statutory right of attending the last session of the commission by suggesting himself that all the attorneys be excluded from the sitting in question. He then granted the District Attorney an adjournment until Monday next in order that he might have time to prepare his application to the appellate division.

Mr. Jerome protested that the time was not sufficient, but Justice Fitzgerald cut him short with the announcement that the trial must be concluded forthwith.

Unless Mr. Jerome should secure a writ of prohibition in the meantime, Justice Fitzgerald is expected to announce on Monday that he had confirmed the report of the commission and order that the trial proceed without further delay. The district attorney and the counsel for the defense will be heard in argument as to the confirmation of the report at Monday's session of the court if they so desired.

After the adjournment today Mr. Jerome issued a statement in which he said he could not tell until after a thorough examination of authorities whether or not he ought to take further action in the way of an application to the appellate division. Should he reach the conclusion, after examining the law on the subject, that Justice Fitzgerald had not committed legal error in refusing him access to the commission's minutes, he would, of course, take no further action. Mr. Jerome declared that if he made an application to the higher court it would be because of the precedent set by Justice Fitgerald and not particularly because of the effect in this case.

Thaw was not in court to hear the decision. The jury which has heard the testimony against him was also excluded and both prisoner and jurors were out of range of the district attorney's heated discussion with Justice Fitzgerald. All the members of the Thaw family, including the mother and wife of the defendant, were present, however, and their keen delight over the announcement of the favorable report from the lunacy commission was turned into alarm at the unexpected attitude of the district attorney, whose threat to take the matter before the appellate division of the court seemed to involve another serious delay in the long drawn out trial.

The news of the commission's unanimous verdict as to his present sanity was carried to Thaw in the prisoner's pen. He expressed his satisfaction but not surprise. There has never been a time since the commission was appointed that the defendant has not been wholly confident of a favorable decision. He declared today that he felt especially lucky because it was the second anniversary of his marriage.

The decision came during the afternoon session of the court and after reports, based upon significant circumstantial evidence had gained wide circulation, that the commission was split and could not reach an agreement. The unanimous report, therefore, came as a surprise.

Before the storm of the district attorney's protest broke, Justice Fitzgerald had handed to him and to Mr. Hartridge, of counsel for the defense, carbon copies of the commission's full report. It was from the defendant's counsel table that the nature of the decision first became known. Mr. Hartridge rushed over and whispered to Mrs. William Thaw and to Mrs. Evelyn Nesbit Thaw, and sent a messenger hurrying to the defendant with the tidings.

When the report finally fell into the possession of the newspaper men it was seen to be a most sweeping victory for Thaw. It confirmed the reports of the excellent showing he had made before the commission in both his mental and physical tests, and also indicated that the only expert testimony which the commission had taken into consideration was that of the physicians who had an opportunity to examine Thaw and talk with him almost daily during the trial. The testimony of other experts who answered from hypothetical basis, was declared by the commission to be irreconcilable.

The report of the commission in full is as follows:

"We, the undersigned, appointed by this court by orders dated March 26, 1907, and March 27, 1907, a commission forthwith to examine into the mental condition of Harry K. Thaw, and to report to the court with all convenient speed the facts, and their opinion as to whether at the time of such examination Haary K. Thaw was in a state of idiocy, imbecility, lunacy or insanity, so as to be incapable of rightly understanding his own condition, the nature of the charges against him, and of conducting his defense in a rational manner, do respectfully report:

"That before commencing our examination we took the oath prescribed by the statutes.

"That the commission was organized by the selection of David McClure as chairman; William H. Penny as clerk and Bartholomew Monyan as stenographer.

"That we were attended by the honorable District Attorney Jerome, District Attorney for the County of New York, and counsel for the defendant took part in the proceedings. The defendant attended in person all hearings and was orally and physically examined.

"That we examined a large number of witnesses furnished by the District Attorney, the counsel for the defendant, and called by the commission. Among them were prison physicians, chaplains, probate court officers, sheriffs, guards in charge of the defendant, two of the defendant's counsel and fifteen physicians, twelve of whom were alienists. We have received in evidence many documents and papers, including written communications from the defendant to his counsel.

"After careful examination of the defendant personally, and of all the evidence, we find the following facts:

"In the frequent, and in some cases daily during the several months last past, intercourse had by the defendant with the Tombs physicians, chaplains, other attendants and the probation officers, these persons failed to discover anything irrational in his conduct or speech.

"The defendant has taken an active part in the conduct of the trial; has made numerous suggestions orally in court and by letter as to the selection of jurors and the examination of witnesses. Many of these suggestions were deemed valuable and were adopted by his counsel and examinations of the letter referred to shows that generally the suggestions contained in them were material, sensible and apparently the product of a sane mind. While the testimony of numerous experts called by the District Attorney and the defendant's counsel is irreconcilable, that given by certain experts who personally examined the defendant during the trial and since the appointment of the commission, and who of all the alienists examined had the fairest opportunity of observation, disclosed the fact that indications of insanity at the present time could not be found in the speech, conduct or physical conditions of the defendant.

"The direct oral and physical examination of the defendant by the commissioners themselves disclosed no insanity in the defendant at the present time. Upon all of the facts it is our opinion that at the time of our examinaion the said Harry K. Thaw was and is sane and was not and is not in a state of idiocy, imbecile, lunacy or insanity, so as to be incapable of rightly understanding his own condition, the nature of the charges against him and of continuing his defence in a rational manner.

"The minutes of the proceedings had before us and the documents recived in evidence are herewith submitted.

"Dated at New York, N. Y., this fourth day of April, 1907.

(Signed) "DAVID MC CLURE,
"PETER B. OLNEY,
"LEOPOLD PUTZEL."

As to Dr. Putzel's action in leaving the conference today, it was stated he did not feel it was necessary for him to remain while Messrs. McClure and Olney, both of whom are lawyers, were going over the legal phases of the mass of testimony adduced before the commission. Justice Fitzgerald himself announced that the delay had been occasioned by his examination of the testimony.

Will Appeal.

New York, April 4.—It was authoritatively stated late tonight that District Atorney Jerome will appeal from he decision of Justice Fitzgerald in refuisng to allow him to inspect the minutes of the Thaw commission in lunacy which reported today. The appeal will be in the nature of an action to obtain a review of the justice's decision and will be taken in the appellate division of the Supreme Court.

STEAMER TIE-UP IN NORFOLK.

Longshoremen Refuse to Work for Three Companies.

Norfolk, Va., April 4.—Three hundred negro longshoremen in the employ here of the Merchants and Miners' Transportation Company, operating steamships out of Norfolk to Baltimore, Boston and Providence, today joined the striking longshore men of the Old Dominion Steamship Company walked out, demanding an increase from fifteen and twenty cents to twenty and twenty-five cents an hour on the ground that with the great increased cost of living the present wages are not sufficient to meet the daily necessities of life. Later the longshoremen of the Washington and Norfolk Company walkd out. The strike is tieing up the ships of both lines affected and breaking into schedules. The companies are firm in their refusal to grant the demands.

The Old Dominion strikers said today that nearly all the men in each of the company's two shifts of 350 each are out.

Bitten by a Spider.

Through blood poisoning, caused by a spider bite, John Washington, of Bosqueville, Tex., would have lost his leg, which became a mass of running sores, had he not been persuaded to try Bucklen's Arnica Salve. He writes: "The first application relieved, and four boxes healed all the sores." Heals every sore. 25c. at R. R. Bellamy's, druggist.

HARRIMAN LETTER ABOUT PRESIDENT

Stenographer Arrested For Stealing It and Selling It to Newspaper.

PURLOINER PUT IN JAIL

Railroad Magnate Had Frank Hill Arrested for Bringing on Sensation. Harriman Wants Newspaper Men to Help Quiet Affairs.

New York, April 4.—Frank Hill, a stenographer, was arrested tonight charged with having sold to a newspaper a personal letter of E. H. Harriman. The warrant was sworn to by Alexander Millar, secretary of the Union Pacific Railroad Company, of which Mr. Harriman is the president, and was served by a detective from the district attorney's office. Hill was locked up at police headquarters. The letter in question was addressed by Mr. Harriman to Sydney Webster and was first published here by the World last Tuesday morning.

Statements herein contained called forth a reply from President Roosevelt Tuesday afternoon. Hill is 37 years old and lives in Brooklyn.

E. H. Harriman today made the following statement relative to the recent exchange of correspondence between himself and President Roosevelt:

"I do not intend to continue this controversy. You gentlemen (meaning the reporters), must try to help me and not ask me to answer questions, the answers to which are self-evident. Everybody knows that the contest for the Senatorship in 1904 was between Messrs. Black and Depew, and there could not possibly have been any other candidate. There was no bargain whereby money was to be raised in consideration of having Depew appointed as Ambassador to France or made United States Senator, and my letter to Mr. Webster does not so state. That part of the agreement was for the purpose of harmonizing the Black and Depew forces if it became necessary."
